

INTERNSHIP EXPERIENCE LETTER

This letter certifies that **Mr. Ehsan Ullah** has successfully completed his unpaid internship program with us at Al Nafi International College for a duration of one year. During the period of his engagement, from **March 2025 to March 2026**, he demonstrated strong dedication, professionalism, and commitment to learning and growth in the field of Artificial Intelligence Operations (AIOps) and DevOps practices.

In addition, **Mr. Ehsan Ullah** demonstrated a solid understanding of Diploma in **Artificial Intelligence Operations AIOps (EduQual Level 6)**, a critical field in modern IT operations, where he applied Artificial Intelligence (AI) and Machine Learning (ML) techniques to optimize and automate IT operations. He showcased his ability to work with data to predict, analyze, and resolve operational issues, applying these techniques in real-world scenarios to enhance system performance and security.

During his internship, Mr. Ehsan Ullah supported DevOps processes by deploying and managing containerized applications using Docker and Kubernetes. He assisted in automation, monitoring, Linux-based operational tasks, and basic AI-driven operational analysis to help improve system performance and operational efficiency.

He also gained practical exposure to cloud and infrastructure-related environments, CI/CD concepts, container orchestration, and system administration practices. Throughout the internship, he showed the ability to work in collaborative technical environments and demonstrated a good understanding of modern DevOps and AIOps workflows.

In addition, he worked on hands-on technical learning involving Linux, Python, Docker, Kubernetes, monitoring tools, and automation concepts relevant to modern IT operations and infrastructure management.

His dedication, commitment, and hands-on approach during this internship have been commendable. We are confident that the knowledge and skills he has gained during his training with us will serve him well in his future professional endeavors.

Regards,

Osama Anwer Qazi

Director Digital Transformation & AiOps
